Subject: FedMall V23.1.1 Public Release Notes
SP4709-17-D-0034/SP4709-20-F-0098

1.0   Release Details

FedMall Release v23.1.1 will go live on October 13, 2022. These notes describe all functional changes and how those changes affect the use of FedMall.

1.1   Purpose

This document captures the functional release notes describing an update to the FedMall system. Except where otherwise noted, this document describes the availability of new or updated functionality in the Production ("PROD") environment, i.e., available to the generality of FedMall users.

1.2   Release Overview

System	FedMall
Availability Date	October 13, 2022
FedMall Software Version	v23.1.1

1.3 Commerce

Change Request	Description	Reference ID
Add 889 Compliance Missing word in pop-up	The 889 non-compliance pop-up shall read: 'You have items in your cart from a Supplier that has represented in SAM.gov that it either 'does provide' or 'does use' covered telecommunications equipment or services as defined in FAR 4.2101.', when adding a non-compliant item to the cart.	CHG0036615
Major Program field adjustment in FPDS Questionnaire	In the FPDS Questionnaire, if the Major Program field response is 'No' then the 'Enter Major Program' field properly reverts back to an empty field and does not allow for data entry.	CHG0036620
Search User Order History adjustment to show the user searched	The Search User Order History will populate the Order History of the User that is searched, rather than that of the User who is performing the search.	CHG0036716
Correct the action type with adding or removing a role	The Action Type should display as 'Role' in the audit information of the User Profile History Detail when the User has a role added to or removed from their account.	CHG0036717
Add the National Interest Code in Transfer Orders	All Transfer Orders shall include the National Interest Code. Currently, a high number of Transfer Orders being sent to	CHG0036593

Change Request	Description	Reference ID
	ACE are missing the National Interest Code field. This causes the FPDS-NG documents sent to DLA to fail validation.	
Unit of Assignment COVID19 goes blank after Logout	After a user completes registration and sets the Unit of Assignment as COVID19, the Unit of Assignment goes blank after Logout/Login. Requires a code change to make sure that the COVID19 attribute stayed after logout/login.	CHG0036930

1.4 Portal

Change Request	Description	Reference ID
User can download the proper catalog if both COVID and MARKETPLACE are associated to the account	When the supplier user has both MARKETPLACE and MARKETPLACE_COVID contracts associated with registrant profile and item extract files are generated by FEDS process, then the supplier shall be able to download the corresponding catalog download extract file based on user's MARKETPLACE contract selection from dropdown. If the user selects MARKETPLACE_XXXX, then the item extract file shall be MARETPLACE contract only.	CHG0036506
Relax the validations for archive catalog files	Relax the validation rules on the Archive Catalog Upload to allow the term "abilityone" within certain fields. Since the user is archiving their products, not adding, forcing those validations is no longer necessary.	CHG0036929
